

**JOIN US**  **COALITION TO PROTECT ACCESS TO CARE**

California’s Medicaid program (Medi-Cal) provides health insurance to low-income children, families, people with disabilities, homeless and elderly populations. More than 15 million Californians and nearly 50 percent of children get their health care through the Medi-Cal program, making it an essential program for preventive and routine care for kids across the state.

The Coalition to Protect Access to Care is supporting a ballot measure that will permanently use dedicated funding to expand access to health care and support Medi-Cal providers including physicians, dentists, hospitals, women’s health centers, community clinics, health care workers and emergency responders.

**JOIN IN SUPPORT OF THE BALLOT MEASURE TODAY!**

**A YES vote in November 2024 means increased funding for mental health programs, expanded access to health care for Medi-Cal patients, reduced emergency usage for ALL Californians and reduced cost for certain prescription drugs.**

**I/WE SUPPORT THE COALITION TO PROTECT ACCESS TO HEALTHCARE BALLOT MEASURE**
