Technology Driven. Human Powered.

i3POS "Virtual Market Month" Webinar Series

Many of our clients look forward to getting away from the shop for a week and going to market. In many cases, this is where you find out about new products some of your favorite vendors are offering and an opportunity to stock your shop with your best sellers. We understand that Covid has certainly impacted your ability to continue this trend in 2020...we're here to help!

Our goal, as always, is to help our clients and the entire hospital gift shop community get through this, together. On **July 23rd at 3 p.m. ET**, we will be kicking off our upcoming webinar series, Market Month. This will give you a "virtual" sneak peek at new products and services your favorite vendors are offering.

Please click the button below to reserve your spot to ensure you don't miss out on this excellent buying opportunity! Also, please fill out our survey, so that we may provide you with the info that is most useful for you and your business.

P.S. Some vendors MAY be offering specials for attendees..(hint hint).
