Summary: The Administrative Procedure Act requires an agency, prior to submitting a proposal to adopt, amend, or repeal an administrative regulation, to determine the economic impact of that regulation, in accordance with certain procedures. The act defines a major regulation as a regulation, as specified, that will have an economic impact on California business enterprises and individuals in an amount exceeding \$50,000,000, as estimated by the agency. The act requires the office to transmit a copy of a regulation to the Secretary of State for filing if the office approves the regulation or fails to act on it within 30 days. The act provides that a regulation or an order of repeal of a regulation becomes effective on a quarterly basis, as prescribed, except in specified instances. This bill would require the office to submit to each house of the Legislature for review a copy of each major regulation that it submits to the Secretary of State.

Summary: Would, effective January 1, 2022, extend eligibility for full scope Medi-Cal benefits to anyone regardless of age, and who is otherwise eligible for those benefits but for their immigration status, pursuant to an eligibility and enrollment plan. The bill would delete the specified provisions regarding individuals who are under 25 years of age or 65 years of age or older and delaying implementation until the director makes the determination described above. The bill would require the eligibility and enrollment plan to ensure that an individual maintains continuity of care with respect to their primary care provider, as prescribed, would provide that an individual is not limited in their ability to select a different health care provider or Medi-Cal managed care health plan, and would require the department to provide monthly updates to the appropriate policy and fiscal committees of the Legislature on the status of the implementation of these provisions

Summary: Current law requires a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2021, to specify that coverage is provided for health care services appropriately delivered through telehealth on the same basis and to the same extent as in-person diagnosis, consultation, or treatment. Current law exempts Medi-Cal managed care plans that contract with the State Department of Health Care Services under the Medi-Cal program from these provisions, and generally exempts county organized health systems that provide services under the Medi-Cal program from Knox-Keene. This bill would delete the above-described references to contracts issued, amended, or renewed on or after January 1, 2021, would require these provisions to apply to the plan or insurer's contracted entity, as specified, and would delete the exemption for Medi-Cal managed care plans. The bill would subject county organized health systems, and their subcontractors, that provide services under the Medi-Cal program to the above-described Knox-Keene requirements relative to telehealth.

a violation that the department determines presents either (1) imminent danger that death or serious harm to the patients or residents of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients or residents of the long-term health care facility would result therefrom. The act defines a class "AA" violation as a class "A" violation that the department determines to have been a direct proximate cause of death of a patient or resident of the facility. The act defines a class "B" violation as a violation that the department determines has a direct or immediate relationship to the health, safety, or security of long-term health care facility patients or residents, other than class "AA" or "A" violations. Class "B" violations are also, unless otherwise determined by the department to be a class "A" violation, any violation of a patient's rights as set forth in specified regulations that is determined by the department to cause, or under circumstances likely to cause, significant humiliation, indignity, anxiety, or other emotional trauma to a patient. The act requires the department to prove specific elements to enforce a citation for a class "AA" violation, including the element that death resulted from an occurrence of a nature that the regulation was designed to prevent. This bill would redefine a class "AA" violation as a class "A" violation that the department determines to have been a substantial factor, as described, in the death of a resident of a long-term health care facility. The bill would increase the civil penalties for a class "A," "AA," or "B" violation by a skilled nursing facility or intermediate care facility, as specified. Summary: The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law authorizes a health care service plan or health insurer to contract with a provider for alternative rates of payment and authorizes a plan or insurer to seek reimbursement from a provider who has been overpaid for services. This bill would authorize the Director of the Department of Managed Health Care or the Insurance Commissioner to require a health care service plan or health insurer to provide specified payments and support to a provider during and at least 60 days after the end of a declared state of emergency, emergency or other circumstance, as specified.

Summary: The Licensed Professional Clinical Counselor Act prohibits, except as provided, a person from practicing or advertising the performance of professional clinical counseling services without a license. The act defines "professional clinical counseling" to exclude the assessment or treatment of couples or families unless the professional clinical counselor has completed specified training and education requirements. The act requires supervised experience that is obtained for the purpose of qualifying for licensure to be related to the practice of professional clinical counseling and comply with specified requirements, including by requiring at least 150 hours of clinical experience in a hospital or community mental health setting, as defined. A violation of the act is punishable as a misdemeanor. This bill would delete the provision excluding the assessment or treatment of couples or families without meeting specified training and education requirements from the definition of "professional clinical counseling."

Summary: The California Residential Care Facilities for the Elderly Act prohibits a placement agency, as defined, from placing an individual in a licensed residential care facility for the elderly if the individual, because of a health condition, cannot be cared for within the limits of the license or requires inpatient care in a health facility. The act requires an employee of a placement agency who knows, or reasonably suspects, that a facility is improperly operating without a license to report the facility to the department, and requires the department to investigate those reports. The act further requires a placement agency to notify the appropriate licensing agency of any known or suspected incidents that would jeopardize the health or safety of residents in a facility. The act specifically makes a violation of these requirements a crime. This bill would recast the requirements on a placement agency and its employees to instead be requirements on a referral source, defined to mean a person or entity that provides a referral to a residential care facility for the elderly, as specified.

Summary: Current law creates a private right of action against a person who intentionally distributes a photograph or recorded image of another, without the other person's consent, if certain conditions are met, including if the person who distributed the material knows that the other person had a reasonable expectation that the material would remain private, and if the material exposes the intimate body parts, as defined, of the other person or shows that person engaged in specified sexual acts. Current law authorizes a court to grant equitable relief to a plaintiff in a civil proceeding pursuant to these provisions, including a preliminary injunction or a permanent injunction ordering the defendant to cease distribution of material. This bill would exempt from the undertaking requirement an applicant seeking an injunction ordering the defendant to cease distribution of material under these provisions. Summary: Current law requires the Director of Health Care Services to establish administrative appeal processes to review grievances or complaints arising from the findings of an audit or examination. Under current law, if recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of that payment is entitled to interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund, or simple interest at the rate of 7% per annum, whichever is higher. Under current law, with exceptions, interest at that same rate is assessed against any unrecovered overpayment due to the department. In the case of an assessment against any unrecovered overpayment due to the department, this bill would authorize the director to waive any or all of the interest or penalties owed by a provider, after taking into account specified factors, including the importance of the provider to the health care safety net in the community and the impact of the repayment amounts on the fiscal solvency of the provider.

Summary: The Density Bonus Law requires a city or county to provide a developer that proposes a housing development in the city or county with a density bonus and other incentives or concessions for the production of lower income housing units, or for the donation of land within the development, if the developer agrees to, among other things, construct a specified percentage of units for very low income, low-income, or moderate-income households or qualifying residents, including lower income students. Current law requires the amount of a density bonus and the number of incentives or concessions a qualifying developer receives to be pursuant to a certain formula based on the total number of units in the housing development, as specified. This bill would prohibit affordable housing impact fees, including inclusionary zoning fees, in-lieu fees, and public benefit fees, from being imposed on a housing development's affordable units.

Summary: The Lanterman-Petris-Short Act, provides for the involuntary commitment and treatment of a person who is a danger to themselves or others or who is gravely disabled. Current law also provides for a conservator of the person or estate to be appointed for a person who is gravely disabled. Current law, for the purposes of involuntary commitment and conservatorship, defines “gravely disabled,” among other things, as a condition in which a person, as a result of a mental health disorder, is unable to provide for the person’s basic personal needs for food, clothing, or shelter. This bill would establish an additional procedure for the appointment of a guardian ad litem for a person who lacks the capacity to make rational informed decisions regarding medical care, mental health care, safety, hygiene, shelter, food, or clothing with a rational thought process due to a mental illness, defect, or deficiency.

Summary: The Licensed Marriage and Family Therapist Act provides for the licensure, registration, and regulation of marriage and family therapists and associate marriage and family therapists by the Board of Behavioral Sciences. The Social Work Licensing Law provides for the licensure, registration, and regulation of clinical social workers and associate clinical social workers by the board. The Licensed Professional Clinical Counselor Act provides for the licensure, registration, and regulation of professional clinical counselors and associate professional clinical counselors by the board. Current law makes the above-described acts and that law inapplicable to an unlicensed or unregistered employee or volunteer working in a governmental entity, a school, a college, a university, or an institution that is both nonprofit and charitable if, among other things, the work is performed solely under the supervision of the entity. This bill would instead require the work of the employee or volunteer to be performed under the oversight and direction of the entity.

Summary: If a notice made by a person bringing an action in the public interest alleges a violation of the Safe Drinking Water and Toxic Enforcement Act's warning requirement, the act requires that the notice include a certificate of merit stating that the person executing the certificate has consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action, and that, based on that information, the person believes there is a reasonable and meritorious case for the private action. The act requires factual information sufficient to establish the basis of the certificate of merit to be attached to the certificate of merit that is served on the Attorney General. 1st House				2nd House							

Summary: Current law designates certain generators of hazardous waste in specified amounts as a "conditionally exempt small quantity generator," also known as "CESQG" for certain regulations. The term CESQG is defined with reference to a specified federal regulation that provides that a generator is a conditionally exempt small quantity generator in a calendar month if it generates no more than 100 kilograms of hazardous waste in that month and that specifies which hazardous wastes are included in, or excluded from, that calculation. That federal regulation also exempts specified amounts of acute hazardous wastes and residues from clean up of acute hazardous waste, as specified. Current law defines the term "storage facility" for purposes of the hazardous waste control laws as including an onsite facility where the hazardous waste is held for more than 90 days and excludes certain generators of less than 1,000 kilograms of hazardous waste in a calendar month from this definition of storage facility subject to specified conditions, including compliance with specified federal waste accumulation regulations. This bill would replace the terms "conditionally exempt small quantity generator" and CESQG with "very small quantity generator" and "VSQG" with reference to a different federal regulation that recasts those provisions regarding the amount of hazardous waste and which hazardous wastes are included in, or excluded from, that calculation.

Summary: Current law defines "limited food preparation" and "limited service charitable feeding operation" for purposes of the California Retail Food Code. Current law requires a proposed new or remodeled food facility to meet specified structural and other building requirements, but specifies that existing private school cafeterias and licensed health care facilities presumptively meet these requirements. Current law limits the use of an outdoor wood-burning oven to the same premises as a permanent food facility. Under existing law, a remote food service operation located within a fully enclosed permanent food facility is not a satellite food service. Current law exempts mobile food facilities from specified requirements, including the provision of clean toilet rooms for use by employees. Existing law requires a cottage food operation to label prepackaged foods with a notice that it was made or repackaged in a home kitchen. CHA STATUS REPORT - APRIL 9, 2021

Summary: Current law prescribes various requirements for the organization and administration of public retirement systems, which typically provide pension, disability, and death benefits to their members. Current law provides that participants in certain membership categories may be entitled to special benefits if death or disability arises in the course of employment. The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with that act and establishes, among other things, limits on defined benefit formulas and caps on pensionable compensation. This bill, until January 1, 2023, would create a presumption, applicable to the retirement systems that PEPRA regulates and to specified members in those systems, that would be applied to disability retirements on the basis, in whole or in part, of a COVID-19-related illness. In this circumstance, the bill would require that it be presumed the disability arose out of, or in the course of, the member's employment. The bill would authorize the presumption to be rebutted by evidence to the contrary, but unless controverted, the applicable governing board of a public retirement system would be required to find in accordance with the presumption.

Summary: Current law requires the State Department of Health Care Services to establish income levels for maintenance need at the lowest levels that reasonably permit a medically needy person to meet their basic needs for food, clothing, and shelter, and for which federal financial participation will still be provided under applicable federal law. In calculating the income of a medically needy person in a medical institution or nursing facility, or a person receiving institutional or noninstitutional services from a Program of All-Inclusive Care for the Elderly organization, the required monthly maintenance amount includes an amount providing for personal and incidental needs in the amount of not less than \$35 per month while a patient. Current law authorizes the department to increase, by regulation, this amount as necessitated by increasing costs of personal and incidental needs. This bill would increase the monthly maintenance amount for personal and incidental needs from \$35 to \$80, and would require the department to annually adjust that amount by the same percentage as the Consumer Price Index.

1st House				2nd House							

Summary: Current law, until January 1, 2026, establishes the Proposition 56 Medi-Cal Physicians and Dentists Loan Repayment Act Program, which requires the department to develop and administer the program to provide loan assistance payments to qualifying, recent graduate physicians and dentists that serve beneficiaries of the Medi-Cal program and other specified health care programs using moneys from the Healthcare Treatment Fund. Current law requires this program to be funded using moneys appropriated to the department for this purpose in the Budget Act of 2018, and requires the department to administer 2 separate payment pools for participating physicians and dentists, respectively, consistent with the allocations provided for in the Budget Act of 2018. For purposes of that program, and by January 1, 2022, this bill would require the department to exclusively provide loan assistance payments to Medi-Cal physicians and dentists who practice in federally designated health professional shortage areas and who maintain a patient caseload composed of a minimum of 30% Medi-Cal beneficiaries, and to annually verify that these providers continue to practice in those designated areas.

1st House				2nd House							

Summary: The Mental Health Services Act (MHSA), an initiative measure enacted by the voters as Proposition 63 at the November 2, 2004, statewide general election, establishes the continuously appropriated Mental Health Services Fund (MHSF) to fund various county mental health programs and requires counties to spend those funds as specified. Current law requires funds allocated to a county that have not been spent for their authorized purpose within 3 years, and the interest accruing on those funds, to revert to the state, except for specified purposes, including capital facilities and technological needs, which revert after 10 years. Under current law, reverted funds are reallocated to the counties, as specified. As part of the MHSA, current law requires counties to engage in specified planning activities, including creating and updating a 3-year program and expenditure plan through a stakeholder process. This bill would amend the MHSA by requiring reverted funds to be used in the county from which the funds reverted, except as specified.

Summary: Current law authorizes the Alameda County Board of Supervisors to establish a hospital authority for the purpose of effecting a transfer of the management, administration, and control of the Alameda Health System. Summary: Current law requires the Public Utilities Commission to develop, implement, and maintain a suitable, competitively neutral, and broad-based program to establish a fair and equitable local rate support structure aided by universal service rate support to telephone corporations serving areas where the cost of providing services exceeds rates charged by providers, which is known as the California High-Cost Fund-B Administrative Committee Fund program. Under current law, the purpose of the program is to promote the goals of universal telephone service and to reduce any disparity in the rates charged by those companies. Current law requires revenues collected through surcharges authorized by the commission to fund the program to be deposited in the California High-Cost Fund-B Administrative Committee Fund. This bill would revise the program to instead ensure universal service rate support to providers serving high-cost areas, and would revise the program's purpose to instead promote affordability and widespread availability of safe and reliable voice communications services and advanced services, including broadband internet access service.

Summary: The Lanterman-Petris-Short Act authorizes the involuntary commitment and treatment of persons with specified mental health disorders for the protection of the persons so committed. Under the act, if a person, as a result of a mental health disorder, is a danger to others, or to themselves, or is gravely disabled, the person may, upon probable cause, be taken into custody by a peace officer, a member of the attending staff of an evaluation facility, designated members of a mobile crisis team, or another designated professional person, and placed in a facility designated by the county and approved by the State Department of Social Services as a facility for 72-hour treatment and evaluation. This bill would expand the definition of "gravely disabled" for these purposes to also include a condition in which a person, as a result of a mental health disorder, is unable to provide for their basic personal needs for medical treatment, as defined, if the failure to receive medical treatment is either for an existing life-threatening medical condition or the person is in imminent danger of physical injury or life-threatening medical condition and there is a substantial and imminent risk, in either instance, of either death or prolonged hospitalization.

Summary: Current law exempts specified occupations and business relationships from the application of the ABC test as specified. Current law, instead, provides that these exempt relationships are governed by the multifactor test previously adopted in the case of S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d 341. These exemptions include services provided by a licensed manicurist, subject to the manicurist meeting specified conditions. Current law makes this exemption for licensed manicurists inoperative on January 1, 2022. This bill would extend the inoperative date of this exemption for licensed manicurists to January 1, 2025.

Summary: Current law requires the Commission on Health and Safety and Workers' Compensation to issue an annual report on the state of the workers' compensation system, including recommendations for modifications that would improve the operation of the system. Current law requires the report to be made available to the Governor, the Legislature, and the public on request. Current law also requires the commission to periodically issue a report and recommendations on the improvement and simplification of notices required to be provided by insurers and self-insured employers, as it deems necessary. This bill would require the annual report on the workers' compensation system to be made available on the commission's internet website and to specifically be made available to the Assembly Committee on Insurance and the Senate Committee on Labor, Public Employment and Retirement rather than to the Legislature generally.

Summary: The Child Care and Development Services Act requires, upon establishing eligibility for services under the act, a family to be considered to meet all eligibility and need requirements for services and to receive those services without being required to report income or other changes for at least 12 months, except as specified. The act also requires the Superintendent to implement a plan that establishes reasonable standards and assigned reimbursement rates for childcare services, as provided. Commencing July 1, 2021, current law transfers specified childcare programs, responsibilities, services, and systems from the State Department of Education and the Superintendent of Public Instruction to the State Department of Social Services. This bill would extend eligibility to a family in

Summary: Current law defines the terms "state of emergency" and "local emergency" to mean a duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state or the territorial limits of a local government caused by, among other things, a sudden and severe energy shortage. Current law defines a "sudden and severe energy shortage" as a rapid, unforeseen shortage of energy, resulting from, but not limited to, events such as an embargo, sabotage, or natural disasters, and that has statewide, regional, or local impact. This bill would expand the definition of "sudden and severe energy shortage" to include a "deenergization event," defined as a planned power outage, as specified, and would make a deenergization event one of those conditions constituting a state of emergency and a local emergency.

Summary: Current law provides that Medi-Cal benefits for individuals who are 65 years of age or older, and who do not have satisfactory immigration statuses or are unable to establish satisfactory immigration statuses, will be prioritized in the Budget Act for the upcoming fiscal year if the Department of Finance projects a positive ending balance in the Special Fund for Economic Uncertainties for the upcoming fiscal year and each of the ensuing 3 fiscal years that exceeds the cost of providing those individuals full scope Medi-Cal benefits. This bill would, subject to an appropriation by the Legislature, and effective July 1, 2022, extend eligibility for full-scope Medi-Cal benefits to individuals who are 65 years of age or older, and who are otherwise eligible for those benefits but for their immigration status.

Summary: Current law classifies controlled substances into 5 schedules and places the greatest restrictions and penalties on the use of those substances placed in Schedule I. Current law classifies the drug fentanyl in Schedule II. Current law prohibits a person from possessing for sale, or purchasing for purposes of sale, specified controlled substances, including fentanyl, and provides for imprisonment in a county jail for 2, 3, or 4 years for a violation of this provision. Current law also imposes an additional term, and authorizes a trial court to impose a specified fine, upon a person who is convicted of a violation of, or of a conspiracy to violate, specified provisions of law with respect to a substance containing heroin, cocaine base, and cocaine, if the substance exceeds a specified weight. Summary: Would require a health care service plan or health insurer to contract with its health care providers to reimburse, at a reasonable rate, their business expenses that are medically necessary to comply with a public health order to render treatment to patients, to protect health care workers, and to prevent the spread of diseases causing public health emergencies. The bill would require the State Department of Health Care Services to similarly reimburse a Medi-Cal provider after undertaking a process to set a reasonable rate in consultation with provider groups. Because a willful violation of the bill's requirements relative to health care service plans would be a crime, the bill would impose a state-mandated local program.

Summary: The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified.

Under current law, for individuals 21 years of age and older, a service is "medically necessary" if it is reasonable and necessary to protect life, to prevent significant illness or significant disability, or to alleviate severe pain. Existing law provides that for individuals under 21 years of age, "medically necessary" or "medical necessity" standards are governed by the definition in federal law. Summary: Current law prohibits a claim for workers' compensation from being maintained unless within 30 days after the occurrence of the injury, the injured person, or in case of the death, a dependent, or someone on the injured person's or dependent's behalf, serves notice of the injury upon the employer. Current law also requires an injured employee, or in the case of death, a dependent, or an agent of the employee or dependent, to file a claim form with the employer. Under current law, except for specified injuries, if liability is not rejected within 90 days after the date the claim form is filed with the employer, the injury is presumed compensable and the presumption is rebuttable only by evidence discovered subsequent to the 90-day period. This bill would reduce those 90-day time periods to 45 days and, for certain injuries or illnesses, including hernia, heart trouble, pneumonia, or tuberculosis, among others, sustained in the course of employment of a specified member of law enforcement or a specified first responder, would reduce those time periods to 30 days.

Summary: Current state law creates the California Health Benefit Exchange, also known as Covered California, governed by an executive board, to facilitate the enrollment of qualified individuals and qualified small employers in qualified health plans as required under PPACA. Current law authorizes the board to adopt necessary rules and regulations by emergency regulations until January 1, 2022, with the exception of regulations implementing prescribed provisions relating to criminal background history checks for persons with access to confidential, personal, or financial information. Current law authorizes the Office of Administrative Law to approve more than 2 readoptions of emergency regulations until January 1, 2027. Current law provides that these extensions apply to any regulation adopted before January 1, 2019. This bill would instead extend the authority of the board to adopt those necessary rules and regulations by emergency regulations to January 1, 2027, and would extend the authority of the Office of Administrative Law to approve more than 2 readoptions of emergency regulations until January 1, 2032.

for leave to present the claim within 45 days after it is presented. Current law requires the application to be granted if one of several conditions is met, including that the person who sustained the alleged injury, damage, or loss was a minor or was physically and mentally incapacitated for the entire 6 months after the accrual of the cause of action, as specified. If the person was physically or mentally incapacitated during that period, existing law requires that the failure to present a claim be a result of the person's disability. This bill would additionally require a board to grant an application for leave to present a claim, as described above, if the person who sustained the alleged injury, damage, or loss was a minor or was physically or mentally incapacitated during any of the 6 months after the accrual of the cause of action, if the application is presented within 6 months of the person turning 18 years of age, or of the person no longer being physically or mentally incapacitated, as applicable, or a year after the claim accrues, whichever occurs first.

Summary: The Assisted Outpatient Treatment Demonstration Project Act of 2002, known as Laura's Law, authorizes a court in a participating county to order a person who is suffering from mental illness and is the subject of a petition to obtain assisted outpatient treatment if the court makes various findings including, among others, there has been a clinical determination that the person is unlikely to survive safely in the community without supervision, the person's condition is substantially deteriorating, and, in view of the person's treatment history and current behavior, the person is in need of assisted outpatient treatment in order to prevent a relapse or deterioration that would be likely to result in grave disability or serious harm to the person or to others. Summary: Current law authorizes only a juvenile court judicial officer to make orders regarding the administration of psychotropic medications for a dependent child or a ward who has been removed from the physical custody of their parent. Current law requires that court authorization for the administration of psychotropic medications to a child be based on a request from a physician, indicating the reasons for the request, a description of the child's diagnosis and behavior, the expected results of the medication, and a description of any side effects of the medication, and requires the Judicial Council to develop appropriate forms for the implementation of these provisions. This bill would require the State Department of Social Services to create an electronic health care portal that will provide health care providers with access to the health information of a child in foster care that is included in the health and education summary and the completed and approved court forms for the administration of psychotropic medication for specified dependent children and wards of the juvenile court, as described above.

Summary: Current law requires the Public Utilities Commission, in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, including electrical corporations, electric service providers, and community choice aggregators, in accordance with specified objectives. Current law further requires each load-serving entity to maintain physical generating capacity adequate to meet its load requirements, including peak demand and planning and operating reserves, deliverable to locations and at times as may be necessary to provide reliable electric service. Current law authorizes the commission to consider a centralized resource adequacy mechanism, among other options, to most efficiently and equitably meet specified resource adequacy objectives. Summary: The Dental Practice Act, provides for the licensure and regulation of the practice of dental hygienists by the Dental Hygiene Board of California within the Department of Consumer Affairs. Existing law requires the board to consist of 9 members and requires the Governor to appoint 7 members, as specified. Under current law, members are appointed for a term of 4 years, except as otherwise specified for the term commencing on January 1, 2012. Current law prohibits a person from serving as a member of the board for more than 2 consecutive terms and requires a vacancy to be filled by appointment to the unexpired term. This bill, for the term commencing on January 1, 2022, would require specified members appointed by the Governor to each serve a term of 3 years, expiring January 1, 2025. Summary: Current law requires hospitals with buildings subject to a seismic compliance deadline of January 1, 2020, and that are seeking an extension for their buildings to submit an application to the Office of Statewide Health Planning and Development by April 1, 2019, subject to certain exceptions. Existing law requires that final seismic compliance be achieved by July 1, 2022, if the compliance is based on a replacement or retrofit plan, or by January 1, 2025, if the compliance is based on a rebuild plan. Current law prohibits the office from granting an extension that exceeds the amount of time needed by the hospital owner to come into compliance, as specified. Under current law, failure to comply with related requirements or to meet certain milestones results in the assessment of a \$5,000 fine per calendar day until the requirements or milestones, respectively, are met. This bill would, notwithstanding the above provisions, require the office to grant an extension, until December 31, 2024, for county-owned hospitals in the County of Santa Clara for projects based on a replacement or retrofit plan, if the county has provided written documentation demonstrating reasonable efforts to meet agreed-upon milestones, as specified.

Summary: The Public Utilities Act requires the Public Utilities Commission to review and accept, modify, or reject a procurement plan for each electrical corporation and requires the procurement plan to include specified elements, among them a showing that it will achieve certain objectives. Current law requires the commission to identify a diverse and balanced portfolio of resources needed to ensure a reliable electricity supply that provides optimal integration of renewable energy in a cost-effective manner. Current law requires the commission to ensure the net costs of any incremental renewable energy integration resources procured by an electrical corporation are allocated on a nonbypassable basis, as specified. This bill would instead require the commission to ensure the net costs of any incremental renewable energy integration resources procured by any load-serving entity designated by the commission to serve as a central procurement entity are allocated on that basis.

Summary: Current law authorizes participating counties to pay for the services provided from moneys distributed to the counties from various continuously appropriated funds, including the Mental Health Services Fund, when included in a county plan, as specified. Current law authorizes a court to order a person who is the subject of a petition filed pursuant to those provisions to obtain assisted outpatient treatment if the court finds, by clear and convincing evidence, that the facts stated in the petition are true and establish that specified criteria are met, including that the person has a history of lack of compliance with treatment for their mental illness, and that there has been a clinical determination that the person is unlikely to survive safely in the community without supervision. Current law authorizes the petition to be filed by the county behavioral health director, or the director’s designee, in the superior court in the county in which the person who is the subject of the petition is present or reasonably believed to be present, in accordance with prescribed procedures. This bill would additionally authorize the filing of a petition to obtain assisted outpatient treatment under the existing petition procedures, for a conservatee or former conservatee, as specified, who would benefit from assisted outpatient treatment to reduce the risk of deteriorating mental health while living independently.

Summary: The California Fair Employment and Housing Act (FEHA) establishes the Department of Fair Employment and Housing (DFEH) within the Business, Consumer Services, and Housing Agency under the direction of the Director of Fair Employment and Housing. The FEHA makes certain discriminatory employment and housing practices unlawful, and authorizes a person claiming to be aggrieved by an alleged unlawful practice to file a verified complaint with the DFEH. The FEHA requires the DFEH to make an investigation in connection with a filed complaint alleging facts sufficient to constitute a violation of the FEHA, and requires the DFEH to endeavor to eliminate the unlawful practice by conference, conciliation, and persuasion. If conference, conciliation, mediation, or persuasion fails and the DFEH has required all parties to participate in a mandatory dispute resolution, as specified, the FEHA authorizes the director to bring a civil action in the name of the DFEH on behalf of the person claiming to be aggrieved within a specified amount of time. This bill would toll the deadline for the DFEH to file a civil action pursuant to the FEHA while a mandatory or voluntary dispute resolution is pending.
