The Honorable Anna Caballero
Chair, Senate Appropriations Committee
State Capitol, Room 412
Sacramento, CA 95814

SUBJECT: AB 3030 (Calderon) – Neutral

Dear Senator Caballero:

The California Hospital Association (CHA) and the California Medical Association (CMA) are committed to the safe and efficient use of new technology, including artificial intelligence (AI). We understand that patients want to know whether the messages they receive from their doctors and other health care providers really came from those providers or were generated by AI. We appreciate the productive discussions with the author and the most recent amendment to the bill.

For these reasons, CHA and CMA are neutral on AB 3030, as amended on June 27.

Sincerely,
