How Hospitals in District 33 Are Paid

Improving Overall Health

In District 33, some examples of how hospitals meet individual and community health needs include:

- A partnership that provides mental health services to youth of color in underserved neighborhoods
- Providing space for an after-school program that offers tutoring and mentoring for neighborhood youth
- Providing individual and group health education for free in both English and Spanish. Special attention is paid to creating curriculum that meets the community's health needs

In 2024, voters in District 33 voted 70% in favor of improving funding for Medicaid.
